## Miss Mayme McIntosh

### Again in Lead

Miss Mayme McIntosh is again in the lead in the Bee's Mammoth Cave Diamond Ring Contest while Miss Mitchell, Caveness and Martin are right at her heels. Miss Bessie Cook, of St. Charles, made a surprising gain this week and is ahead of the two young ladies in Mortons Gap.

It looks now like the \$100.00 diamond ring could be won by any of the contestants. There is one thing sure and that is, the young lady who has the highest number of votes at the end of the contest will wear the diamond and the easiest way to get votes is to get subscription. Now go out after it and win the ring and the five trips to the cave. We assure you the best time you ever had on this all river cave trip.

#### Arkansas Man Beats Old Woman Who Lived in Shoe

Walnut Ark., April 30.—In Thomas Ellison, better known as "Uncle Tom," who resides in Newton county, it is believed the real champion of the big family principles of Theodore Roosevelt has been found. Uncle Tom is 91 years old. The birth yesterday of a son to one of his grand-daughters caused a re-estimating of Ellison's record. Here it is:

Married three times:  
Father of fifty children.  
Grandfather of 125 grand-children.  
Great-grandfather of sixty children.  
Great-great-grandfather of twenty-seven children.  
His youngest child is eleven years old, the oldest sixty-five.  
His son was born in Canton county, Ohio.

### PETITIONS DELAYED

Henderson, Ky., April 28.—(Special.)—The passing on petitions seeking to call a local option election May 31, under provisions of the county unit law, on motion of attorney representing the "drys," today was postponed until Friday.

"Attorneys for the 'wets' have filed remonstrances containing names of 230 persons, who requested that their names be stricken from petitions. This will invalidate the petitions in nine precincts. The "drys," it is understood, will endeavor to induce those who withdrew their names to leave them on the petitions. The "wets" are confident the "drys" will be unsuccessful in getting the names back on the petitions.

## LIMIT TO TRUNK LENGTHS

### They Will Not Be Carried As Free Baggage When Over Forty-Five Inches

Chicago, April 30.—Forty-five inches is the longest trunk that may be carried as free baggage on rail roads in the United States after today. Also the new rules frown on the trunk with bulging side or bottom, designed so that it must stand in a certain position, so that the gowns and hats inside will travel right side up. It may be some time, however, before the "freak" trunks can be refused. Notice is required in order to reject them lawfully.

Five pounds for each inch over forty-five inches is the rate of excess charges that will be levied under the new baggage rules.

### Sixty Dieted Ministers Put to Physical Test

Pittsburgh, April 28.—Urged to eat a little meat and plenty of peas, beans and eggs, sixty ministers today took off their coats and tried to touch fingers to the floor without bending the knees. Few succeeded, but progress was noted by a lecturer of Berkeley, Cal., who came here to tell Pittsburgh preachers "how to get well and stay well."

"The food for a laboring man must be different from the food for a professional man," it was stated. "Every minister ought to eat at least two apples a day and plenty of cabbage. You must eat onions, too."

## CENTRAL CITY BOY SHOT TO DEATH

Killed While Pursuing Negro Whom City Marshal Wanted

Central City, Ky., April 29.—As the result of a mysterious shooting here Orb Sublett, nineteen years old, an employe of a livery stable here, is dead. The identity of the person who fired the shot has not been ascertained.

Sublett, it is said, was killed while pursuing a negro who was running from the city marshal.

The story, as told here, is to the effect that the marshal went to the livery stable to collect a bill from Fred Oliver, a negro. He took hold of Oliver, intending to take him to jail if he did not pay.

When the marshal took hold of him the negro is said to have jerked away and started running. Sublett gave chase.

Washington, D. C., April 30.—Official announcement was made from this city today that Governor McCreary has accepted the chairmanship of the Kentucky Board of the National Conservation Exposition, to be held in Knoxville, Tennessee, for two months next fall, and that he has appointed other prominent conservationists of the state to serve upon the board with him. The board is as follows: Hon. H. V. McChesnev, Frankfort secretary; Hon. B. W. Nager, Owensboro; Hon. J. N. Kehoe, Maysville; Mayor W. O. Head, Louisville; Hon. Johnson H. Camden, Versailles; Col. Andrew Cowan, Louisville; Col. J. C. C. Mayo, Paintsville; Col. Rufus H. Vansant, Ashland; Mrs. Mason Maurv, Louisville; Mrs. Jas. A. Mitchell, Bowling Green; Mrs. Mary M. Shackelford, Frankfort.

The exposition, though national in scope, will have as its prime object the preservation of the natural resources of the southern states, through improvement in the methods of production and consumption so as to eliminate unnecessary waste. The principal lines along which exhibits are to be made are forestry, scientific agriculture, the development and increased use of waterways for both power and navigation, the conservation of mineral wealth and the protection of human life in mines, the preservation of fish and game and human efficiency, including the child welfare, home economics, rural life improvement and good roads. A National Advisory Board at Washington, composed of leading authorities upon all these subjects, and headed by Gifford Pinchot, President of the National Conservation Association, is directing the plans for all exhibits dealing with conservation.

The exposition have already been laid out and occupy over 100 acres. Several of the buildings including those to be devoted to forestry, liberal arts, and live stock are completed, an agricultural building with an auditorium is nearly completed, and other buildings, including an All Southern States building, are in the architect's hand.

The Kentucky board is to represent the exposition in that state and to assist in securing participation in the exposition by the state and by such public and private organizations and individuals as are interested in any form of conservation. Similar boards are being organized in the other southern states. Among other state chairmen are Dr. Edwin A. Alderman, President of the University of Virginia, U. S. Senator Ellison D. Smith of South Carolina, Dr. William Bullock Clark, state Geologist of Maryland and John H. Wallace, Jr. Commissioner of Game and Fish of Alabama.
